

Viewing Your Portraits

Once your portrait has been completed we will prepare your photographs for your appointment to view them on our projection system. This allows you to see your photographs at a large size, compare side by side, zoom in to check expression, and see how they look at different sizes, and how they might look on your wall.

We love children but as the viewing can take an hour or longer, it is best if young children are not at the viewing, as they will get restless and take your attention away from choosing your images. We are very flexible with appointment times and most evenings are available.

Our Software

Our state of the art software allows you to see your photographs in the best way possible before you make any buying decisions. . We can show you what the finished image will look like on the wall and at different sizes but we can take this further and if you send us a digital image of your wall (and tell us the size of something in the image) we can show you exactly how your chosen photograph will look in your home to scale.

Placing Your Order

Once you have picked out your favourites and decided on the products to have custom made we will then raise an invoice detailing all the products you have purchased with a breakdown of what everything costs, and take payment and place your order. We accept cheques, cash, and credit cards. Orders can take anything from 7 - 21 working days depending on the products chosen. If you need your images for a specific deadline, please let us know as some products are quicker to produce than others and we can guide you in the right direction.

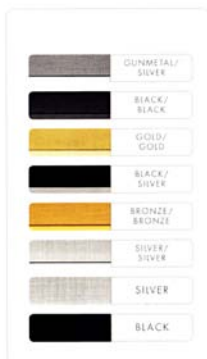

We accept:

Framed Desk Prints

Our Desktop Products are the perfect way to display your photography within your home. Our prints are presented in attractive frame mouldings and are presented with a beautiful satin finish heat-seal offering the perfect solution to displaying your favourite images.

8x6	£59
10x8	£79

Desk Box Frames

The Box frame is usually used as wall decor but it is very effective as a desktop product and looks great with the 2 inch deep profile, available in 9 different moulding colours. It is a great alternative to the more traditional framed desk print. It is supplied in a presentation box and makes a great gift.

12x10	£125
12x12	£155

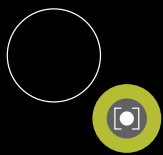

Perspex Block

Designed for desktop presentation, the Glacier Block is a stylish and eye-catching way to display your photography. The Glacier Block gives a depth and style to your imagery, setting it apart from other products. The print is mounted to the back of the 30mm acrylic block which gives a prism effect, allowing you to view the image in different ways from many angles.

The Glacier Block comes in various sizes and is beautifully presented in an attractive black presentation box.

10x8	£195
12x10	£255

Framed Wall Portrait

The styles and options are extensive providing a suitable combination for all styles. We use high-visibility acrylic to finish your framed prints, giving the same clarity and definition as glass, but with added durability and longevity. Cut mounts are available in 12 colours in both single and double formats.

20x16	£195
24x20	£285
30x24	£350

Canvas Wall Portrait

The Canvas wrap is a firm favourite for our clients as it looks fantastic in any decor - traditional or contemporary - Offered in many size options, it will sit perfectly on any wall in any room.

The Canvas Wrap is hand crafted using traditional methods employed by true craftsmen.

20x16	£195
24x20	£255
30x24	£275
40x30	£360

Wall Box Frames

The Box Frame offers a contemporary option for your photography in a choice of nine moulding colours. It is a striking alternative to a traditional framed print.

The frame moulding sits flush against the wall, is of the highest quality and is available in the colours shown opposite. the framed images come back to you carefully packaged and delivered in a presentation box.

20x16	£255
24x20	£325
30x24	£395

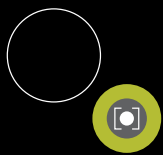

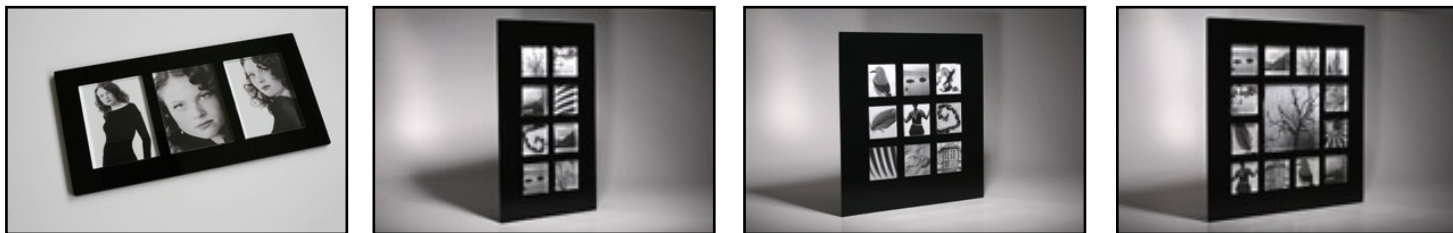

Photo Blocks

The Photo Block is the perfect way to display a collection of photographs. The Photo block is a stunning range, produced using a premium quality 10mm acrylic and hand finished, they are the ultimate way to present photographs. Your images sit behind 15mm crystal clear laser cut blocks, that add a third dimension to any photograph and give the most enviable look. The Photo Block comes in Black, White or frosted white. Once you have invested in one of these Blocks, it is easy to change the images allowing you to use this for future portraits or any other images of your own.

When the frames are lit from above by a spotlight, they come to life and actually look as if they are back-lit.

Triple	£175
Quad	£195
4x2	£375
3x3	£395

Big Block

Big Block follows the same styling as Photo Block except that 4 of the Blocks are substituted by one larger Block.

4x2	£375
3x3	£395

Photo Slots

Photo slot offers a fantastic cost effective contemporary framing solution. Crystal clear acrylic slots are adhered onto 3mm premium quality acrylic, providing a very striking and eye-catching look. The Photo Slot also comes in a wide range of colours including some very vivid colours making them popular for children's bedrooms. Like the Blocks, once you have invested in one of these Photoslot frames, it is very easy to slip in new prints allowing you to use this for future portraits or any other images of your own.

4x2	£110
3x3	£125
4x4	£195
