## Flexible coverage

The Silver Service is a very good coverage of your wedding day starting with the Best Man and Groom arriving, all your guests and a very wide range of bridal and family shots until you sit down for dinner. Depending on the number of people attending and the time available, we will take between 150 and 300 photographs for you to choose from.

The photography can be formal, informal, or a combination of both - it is your choice.

We will put all the images on-line and you select the images you want. 100 high quality 7x5 inch prints (color and black and white) are included in the package.

You will have the option to upgrade to an album or a beautiful bound story book by GraphiStudio. The prices for these will range between £400 - £1000.

You can also choose to have all the high quality files supplied along with your 100 prints for an additional £250.

You can add photography at home before the wedding, and photography at the reception to include shots during the speeches or up to the first dance. We can tailor the package to suit your requirements.
